CAMPOUTS

There are a few changes in the
camping schedule. 1st the
Hatfields have come up with an
event for their campout, there is a
detailed page found in the Bulletin.
Next is a reminder that the
Whispering Hills campout by the
Reau and Farmer families has been
canceled. Also the Down On The
Farm campout has been changed
to a Halloween Campout with new
dates. It is now Oct. 15-17.
Be sure to look at the months
events and future events to check
on campouts and contact the
Wagonmaster listed if you plan on
attending, it makes it a lot easier
for them to do their scheduling.

ADDRESS CHANGE

There is a new change of address
and phone for the Setzler Family;
James And Donna Setzler

FORGETFULNESS

I forgot to mention in the last
Bulletin that Early Risers took 2nd
in the Historian Book and that the
Twilight Teens also took 2nd in
their Historian Book.
Congratulations to all again.
It was also noted that the Farmers
Birthdays were missing from the
bulletin, well that has been
corrected on the computer and
when you see them please give
them a belated Happy Birthday.
Lucille Farmer, Jan. 10
Glenn Farmer, June 20

CHEASNING CAMPOUT

Memorial weekend, Cheasning
Being retired gives you a bit of a
jump ahead of weekend traveling,
especially a holiday. I guess Donna
thought the same way as she was
already there when we arrived. Off
to the Brass Bell for dinner. They
have changed their salad bar to a
smaller version but still have lots
of good stuff. They also downsized
the dessert bar but still have the hot
fudge and maraschino cherries to
dip --- GOOD..... I don't know
which was the best, the crab legs,
peel and eat shrimp or the fudge
stuff. We think by 2005 we might
get Donald to enjoy some of the
mentioned food as he did try a bit,
last year, no way.

Later in the evening the rest of the
group arrived, except Beth and the
boys that came on Saturday.
Everyone relaxed by the campfire
to get there strength up to hit the
town garage sales in the morning.
Sales started at 9 am and off we all
went. I think Donna found the
treasure, an old wooden cradle. It
seems that just everyone bought
some kind of linens. Daves best
deal was a cartop carrier. Donald
found some golf clubs, Lisa and
Jim found some good deals on
baby items. I found some of my
depression glass and some other
goodies. Beth, Derek and
Greysons best find was the pizza
parlor. Hartwigs friends found just
about every appliance made. She
said it was for the church and he
just rolled his eyes.

According to the fellows, the car
show was really good, cars for
everyone. We had our own car
show, as everytime a car drove
through the camping area, they
would stop and look at Daves
truck, trailer and golf cart..fancy
stuff.... Kathy planned a potluck,
and good it was. As evening
rolled in, we all gathered by the
campfire. There sure were a lot of
different things cooked over the

fire. Some of us were treated to excellently cooked marshmallows by Greyson. Sunday, most packed up to head for home. Beth and John and us stayed until Monday. John started a campfire for us to enjoy before the rain started. Sorry the rest of you missed the campout but I am sure that between all of us we bought enough stuff that the town did not even know you were not there. Those attending were Dave, Kathy and Marci Hartwig and guest Priscila, and their other guests, were Jim & Chris Clark; Beth, Derek and Greyson LaHousse, Duke and Jean LeDuc, Michael McIntosh, Beth and John Pilette, Donna and Donald Setzler, and Lisa and Jim Zitek.

FOOD FOR THOUGHT

Hugging is healthy. It helps the body's immune system, it keeps you healthier, it cures depression, it reduces stress, it induces sleep, it's invigorating, it's rejuvenating, it has no unpleasant side effects, and hugging is nothing less than a miracle drug.

Hugging is all natural. It is organic, naturally sweet, no pesticides, no preservatives, no artificial ingredients and 100 percent wholesome.

Hugging is practically perfect. There are no movable parts, no batteries to wear out, no periodic check-ups, low energy consumption, high energy yield, inflation proof, nonfattening, no monthly payments, no insurance requirements, theft-proof, nontaxable, nonpolluting and, of course, fully returnable.
